* All amounts have been rounded to two decimal places. Note that totals may differ from the sum of the individual amounts because of this rounding.

1. Fees

All fees quoted are exclusive of TVA at 20.0% (French VAT) unless otherwise stated.

Fee	Amount	Description
Application Fee	€10	This covers the cost of setting you up as a Emovis Tag UK customer and shipping of a single tag to a UK address. This will appear on your first invoice.
Annual Management Fee	€10	This is payable each year that you have a tag whether you use it or not and is payable a year in advance. This keeps your account active and prevents the direct debit mandate from becoming dormant if you are not using your tag. The first payment will be taken on your first invoice.
Monthly Active Service Fee	€7	This is payable for each calendar month that you use your tag but only up to a maximum of €14 in a single year i.e. if you purchase a tag in June and then use your tag in July and August, you will be charged €14 (€7 for July and €7 for August) but you will not be charged a monthly active service fee for the remaining months up to and including the following May. A new 12 month period would start in June.
Refundable Security Deposit	€20 no TVA	This is a deposit on each tag and is refunded when you return the tag to us.
Additional Tag Postage and Packing	€5	If you need an additional tag payable from the same bank account e.g. for another family member, we will charge you €5 for shipping.
Guaranteed Next Day Delivery	€10	This is payable per tag if you need special next day delivery before 1pm.
Foreign Exchange Finance Charge	2.00%	It costs us money to convert your bill from Euros to GBP. We charge this at 2% of the total bill and then TVA is also payable on this fee.
Foreign Exchange Rate	Variable	This is determined each month, normally around the middle of the month when we send out the monthly invoices.

2. Tolls

The tolls themselves vary depending on the road and the vehicle class. The tolls on some roads are exempt from TVA. We do not set the toll rates.

The current toll rates can be found at:

<http://www.autoroutes.fr/en/key-rates.htm>

If one of your tolls is incorrect such as the wrong class and you wish to have it adjusted please raise a toll adjustment, see the Frequently Asked Questions for details of how you do this in your 'My Account' area.

3. Discounts

We may decide to apply credits, discounts or refunds at our discretion. These are applied inclusive of TVA and will be deducted from the total bill. Some discounts are only applied if sufficient tolls or fees have been accrued and any remaining discount is carried over to the next invoice.

* All amounts have been rounded to two decimal places. Note that totals may differ from the sum of the individual amounts because of this rounding.
